TASKBOARD

Statement Before Proceeding

Before I start, I would like to state that I am currently unable to be part of a fixed group at this stage. I am dealing with difficult circumstances at home, including supporting a family member who is unwell, and this has made regular class interaction difficult for me. However, I am keeping up to date with Blackboard, using the available learning material, and contacting people where I can. This submission has therefore been prepared as my individual version of the project work.

Product Backlog	In Progress	Completed
User Story 1 As a learner, I want access to educational support so that I can improve my academic performance. Sprint 1 • Define project idea • Create individual Agile Charter • Set up taskboard Sprint 2 • Research similar platforms • Create user stories • Plan platform requirements User Story 2 As a parent/guardian, I want a reliable support platform so that I can understand how my child can get academic help. Sprint 1 • Define objectives • Identify users • Create communication plan Sprint 2 • Identify platform features • Gather requirements • Plan testing approach	Create user stories Project planning Requirement discussions Wireframe planning GitHub Pages setup Document review	Agile Charter Taskboard setup Project idea refinement Communication plan Initial user stories Personal working agreements

WALKTHROUGH

1. What do I need to do to advance this piece of work?	• Complete user stories • Research educational platforms • Plan platform features • Set up GitHub Pages evidence
2. What do I need to finish?	• Requirement gathering • Feature planning • Sprint planning • Prototype structure
3. Are there any bottlenecks or blockers to the flow of work?	• Limited time • Difficulty interacting in class • Unclear feature priorities • Balancing home responsibilities

LOGBOOK
